

VR660 PLUMBER

"Now with composite cap and midsole. This shoe was originally developed as a highly flexible shoe for the plumbing industry. Crafted from soft tumbled leather. It is one of the most comfortable shoes we have ever produced and also has a non marking sole."

CE SPECIFICATION

EN ISO 20345:2004 S3 SRC HRO

UPPER

Water resistant and breathable. Soft tumbled leather. Speed lacing system.

LINING

Padded fabric - moisture wicking and highly breathable. Cool in summer, warm in winter.

FOOTBED

Full length replaceable design with double shock absorbers. Supports and cushions. Washable.

TOECAP

Wide fitting composite. Resistant to impact of 200 Joules. Thermal insulating.

PROTECTIVE MIDSOLE

Multi layer composite. Thermal insulating. Covers 100% of foot area.

SOLE

3D - a clever combination of 3 densities of polyurethane and Rubber. Ensures high slip, heat and abrasion resistance as well as comfort. Multi-directional tread ensures good traction in a variety of conditions. Heat resistant to approximately 300°C.

SIZE RANGE

39 (6) - 47 (12)
